All participants are invited to participate in professionally facilitated breakouts to build new Action Clusters and/or add partners to existing Action Clusters.

The objective is to build as many Action Clusters as possible that are aligned with the goals of 2018 Global City Team Challenge (GCTC) and the Smart and Secure Cities and Communities Challenge (SC3).

Breakouts begin on Tuesday and continue into Wednesday. Each session will begin with a few 2018 teams describing their project goals and cybersecurity/ privacy considerations, followed up by facilitated discussions by all attendees.

	Wireless and Cybersecurity/Privacy <ul style="list-style-type: none"> ➤ Chair: Tony Batalla, CTO, San Leandro, CA, and Benny Lee, Project Manager, San Mateo County, CA <ul style="list-style-type: none"> ○ SmartWAVE, San Mateo County, CA, Roaming Wi-Fi, San Leandro, CA: Tony Batalla ○ San Mateo County IoT Plans: Benny Lee ○ Secure, Federated, Free Connectivity in a Digital Economy: Khoong Hock Yun, Chief Digital Evangelist, Info-Communications Media Development Authority of Singapore (IMDA) ○ Fybr/Amazon Web Services team Balcony Room D

Additional Meetings on Feb 6, 2018 (Facility closes at 6pm)

- **Smart Building Action Cluster Launch:** 5:00-6:00pm (Vista Room AB)
NTIA, NIST and the Telecommunications Industry Association invite you to the launch of the Smart Building Action Cluster (SBAC). This SBAC will focus on the crucial nexus of smart buildings and smart communities' interoperability. We hope you will join us for the SBAC launch and brainstorming discussion.
- **Data Governance SuperCluster Sidebar Meeting:** 5:00-6:00pm (Angle Room ABC)
The Data Governance and Exchange SuperCluster aims to address the challenge of building a governance and exchange model for IoT data and a plan for governments and technology providers to successfully customize and deploy it. The group will work to collect best practices and produce blueprints for data exchange and governance, as well as deployed proofs to share with other teams and stakeholders.
- **Education SuperCluster Interest Group Meeting:** 5:00-6:00pm (Balcony Room C)
The Education SuperCluster was assembled in response to a critical need identified in other SuperClusters in GCTC. The lack of education, training, and awareness of advanced technologies in some urban environments is a major hurdle in the adoption of innovative technological applications. This group plans to identify and share best practices in areas including, but not limited to, digital awareness, online learning, and workforce development.
- **Public Safety SuperCluster (PSSC) Sidebar Meeting:** 5:00-6:00pm (Balcony Room D)
The PSSC is holding an informal session for Action Cluster and City Team members who want to join the Executive Leadership Team of PSSC and help define future directions in Smart Public Safety. GCTC members interested in disaster preparedness, community resilience, crisis communications, infrastructure protection, First Responder technologies, and related fields are welcome to join and help build the PSSC Team.
