### Additional Meetings on Feb 6, 2018

- Smart Building Action Cluster Launch: 5:00-6:00pm (Vista Room A& B) NTIA, NIST and the Telecommunications Industry Association invite you to the launch of the Smart Building Action Cluster (SBAC). This SBAC will focus on the crucial nexus of smart buildings and smart communities' interoperability. We hope you will join us for the SBAC launch and brainstorming discussion.
- Data Governance SuperCluster sidebar meeting: 5:00-6:00pm (Angle Room ABC)
  Data governance and exchange SuperCluster aims to address the challenge of building a governance and exchange model for IoT data and a plan for governments and technology providers to successfully customize and deploy it. The group will work to collect best practices and produce blueprints for data exchange and governance, as well as deployed proofs to share with other teams and stakeholders.
- Education SuperCluster Interest Group meeting: 5:00-6:00pm (Balcony Room C)

  The Education SuperCluster was assembled in response to a critical need identified in other SuperClusters in GCTC. The lack of education, training, and awareness of advanced technologies in some urban environments is a major hurdle in the adoption of innovative technological applications. This group plans to identify and share best practices in areas including, but not limited to, digital awareness, online learning, and workforce development.
